Lafayette School Board
Lafayette, California

Ladies and Gentlemen of the duly elected Lafayette School Board,

The Lafayette Improvement Association Board of Directors at its October 16th meeting voted in favor of Lafayette School being retained at the present site with necessary repairing and/or remodeling to meet code requirements.

Needless to say all the issures were discussed including the financial considerations, traffic conditions and the two other plans presented by Dr. Martin at the last School Board Meeting and the above resolution was passed by a majority of six to three.

Sincerely,

Sue Jones
Secretary
